Planning and Research Branch
Statistics and Information Services

HIGHLIGHTS

Union Membership as a Proportion of Non-Agricultural Paid Workers (Table 1)

1. Total membership in labour organizations in Alberta in 1987 was 273,894 representing 28.4 percent of the non-agricultural paid labour force compared to membership of 286,986 and 29.4 percent in 1986.

Membership by Industry (Table 2)

2. The highest concentration of union membership is in construction and public administration. Eighty-four (84) percent of the work force are members of unions in public administration. In construction the number of union members is equal to sixty (60) percent of the work force. However, this figure is inflated due to high levels of unemployment and the common practice of workers maintaining their union membership during periods of unemployment or while working non-union jobs. The largest group of union members (37 percent of all Alberta union members) is found in the service industry which includes education and health care services.

3. Agriculture and finance are the only industries that have no union representation.

Union Affiliation (Table 3)

4. About 136,000 union members (49.7% of all Alberta union members) belong to unions affiliated with the Canadian Labour Congress (CLC). Of these, 37,905 are also affiliated with the American Federation of Labour/Congress of Industrial Organizations (AFL/CIO).

5. About 36,400 union members (13.3% of all Alberta union members) belong to unions affiliated with the Canadian Federation of Labour (CFL). Of these, 31,281 are also affiliated with the American Federation of Laboour/Congress of Industrial Organizations (AFL/CIO).

6. There are 90,610 members (33%) belonging to unions unaffiliated with any national or international body compared to 97,717 (34%) in 1986. Of these, 6,575 members belong to unaffiliated international unions.

Legislation (Table 4)

7. There are 175,374 (64%) of Alberta union members who come under the jurisdiction of the Labour Relations Act while 57,654 (21%) come under the Public Service Employee Relations Act. Federal legislation provides the legal framework for 11.4 percent of Alberta union members.

Public/Private Sector (Table 5)

8. Twenty-eight (28) percent of union membership in Alberta is in the private sector compared to twenty-nine (29) percent in 1986. By contrast, union membership in the public sector rose slightly from 71 percent in 1986 to 72 percent in 1987.

9. In the private sector 16 percent of union membership is female, while in the public sector 55 percent of union membership is female.

10. Only 10.0 percent of all female union members are employed in the private sector while 90.0 percent are employed in the public sector.

Membership by Sex (Table 6)

11. Females constitute 44 percent of all union membership in Alberta while union membership is held by 27 percent of Alberta's non-agriculature paid female workers. By comparison, 29 percent of non-agricultural paid male workers are union members.

Membership over 3000 (Table 7)

12. In 1987 there were 17 unions in Alberta with more than 3000 members. In total they represented 194,145 union members or 70.9% of Alberta membership.

13. The largest union in Alberta is the Alberta Union of Provincial Employees (AUPE) with 50,698 members.

14. Of the 17 largest unions in Alberta seven reported an increase in membership since 1986 while ten reported a decline.

15. The largest increase in membership (29.2%) was reported by the Energy and Chemical Workers.

16. The largest membership losses among large unions were reported by the Amalgamated Transit Union (-35.8%) and the Alberta Teachers Association (-30.8%).

Female Membership over 1000 (Table 8)

17. In 1987, 87.4 percent of female union membership belonged to the sixteen unions which each had more than 1000 female members.

18. The unions with the largest number of female members are AUPE and the Alberta Teachers Association (ATA) with 30,131 and 16,341 female members respectively.

19. The highest concentration of female membership is found in the health care unions. Unions with female membership over 90 percent are: United Nurses of Alberta (UNA) (98.6%); Alberta Association of Registered Nursing Assistants (AARNA) (96.6%); Health Sciences Association of Alberta (HSAA) (90.0%); the University of Alberta Hospital Staff Nurses Association (98.6%); and the Calgary School Support Staff Association (95.3%).

FOREWORD

Membership in Labour Organizations in Alberta is an annual publication providing membership and other descriptive information on unions in Alberta. For purposes of this report any organization which engages in collective bargaining with the object of concluding a collective agreement is included. This includes international, national and provincial unions as well as strictly local employee associations and academic staff associations.

Information in this publication combines the results of two surveys: the Statistics Canada Corporations and Labour Unions Returns Act (CALURA) survey and a supplementary survey conducted by Alberta Labour. The surveys requested membership figures as of December 31, 1986 or January 1, 1987 so that the data in this report represents membership at the beginning of 1987.

In comparing union membership figures from year to year (Table 1) it is important to note that in two years, 1980 and 1983, a substantial jump in membership is recorded. In 1980, for the first time, Alberta Labour conducted a supplementary survey of employee associations which significantly contributed to the noted increase; in 1983 a concerted effort was made to capture all of the organizations previously overlooked. As a result, another jump in membership was recorded but it is solely due to improved survey coverage.

Our sincere appreciation is extended to all of the organizations and individuals who co-operated by supplying requested information either through the completion of survey forms or by responding to telephone inquiries.

While every effort has been made to obtain comprehensive information, it is possible that some organizations have been overlooked and are excluded or misrepresented. Comments, corrections and other observations about any aspect of this publication are welcomed and may be forwarded to the undersigned or Bob Poburan, Supervisor, Statistics and Information Services at (403) 427-8531.

DATA SOURCES AND METHODOLODY

Source of Data

The membership data used as a basis for this report is derived from two surveys. Statistics Canada under authority of the Corporations and Labour Unions Returns Act (CALURA) conducts an annual survey of all labour organizations with membership of more than 100. A survey by Alberta Labour covers all other labour organizations in Alberta. The table below provides specific details for the current year in terms of the memberships and organizations surveyed by each.

SOURCE OF UNION MEMBERSHIP DATA
Alberta, 1987 and 1986

Surveyor	Total Membership 1987	Total Membership 1986	Percent Distribution 1987	Percent Distribution 1986	Number of Organizations 1987	Number of Organizations 1986	Percent Distribution 1987	Percent Distribution 1986
Alberta Department of Labour	11,475	16,562	4	6	138	120	63	55
Statistics Canada, By Authority of the Corporations and Labour Unions Returns Act (CALURA)	262,419	270,424	96	94	80	100	37	45
TOTAL	**273,894**	**286,986**	**100**	**100**	**218**	**220**	**100**	**100**

Comparisons with Previous Years

Since 1982, tables and graphs have been included in this report which explore certain characteristics of Alberta union membership such as industry concentration, affiliation and covering legislation. The unit on which this breakdown was based in 1982 is the union local. In 1983 the unit of measurement was changed to the bargaining unit which provides more accurate disaggregations. Therefore, comparisons of disaggregate union membership characteristics should be confined to data contained in the publications after 1982.

Notes on Individual Tables

Table 1 - Growth of Union Membership and Non-Agricultural Paid Workers
In 1980 Alberta Labour first carried out a survey supplementing Statistics Canada's CALURA survey. This contributed significantly to the increase in membership registered from 1979 to 1980. Similarly the indicated increase from 1982 to 1983 is attributable totally to improve survey coverage. Starting in 1983, membership figures should be directly comparable to those of subsequent years.

"Non-agricultural paid workers" is a statistic estimated by Statistics Canada based on the Labour Force Survey. The figures used from 1977 to 1983 were all revised in January 1984 based on 1981 Census data. Thus, the figures in the table for these years may be different from those published by Statistics Canada prior to 1984.

Table 2 - Union Membership as a Proportion of Paid Workers by Industry
Two factors can be identified which have potential for some misinterpretation of data. 1. Union membership is not necessarily to be equated with "employed union member". Especially in the construction industry in recent years, union membership figures substantially exceeded those actually employed; thus, "membership as a % of total paid workers", particularly in this industry, must be used with caution. 2. A similar caution applies to the "Service" industry. Union membership, particularly in education, may include members who are retired or for other reasons are not included in the paid labour force. This industry includes, and union membership is primarily composed of, those employed in the education and health care fields. Apart from these two sectors, where membership as a proportion of total employment rivals that of public administration, union membership in the service industry is very low.

Table 3 - Union Membership by Affiliation
Affiliation is not ascertained through survey information but is generally obtained from the annual Labour Canada publication Canada Labour Codes.

Table 5 - Union Membership by Public/Private Sector
"Public sector" is here defined to include the following: urban transit, broadcasting, telephones and telegraph, utilities, post office, education services, hospitals and health care, welfare organizations, and all levels of government.

Table 9 - Labour Organizations in Alberta
This table lists all of the unions and associations surveyed for this report alphabetically by key word. Affiliation is indicated in brackets after each name. The name, address and telephone number of a contact person for each organization is included, and, to facilitate comparisons, the previous year's membership data are also given.

UNION ORGANIZATIONAL CHANGES, 1986 TO 1987

Additions to the Survey

The following organizations, with membership in brackets, were added to the survey in 1987:

Broadcast Employees Association
Health Science Association Staff Union
Interns and Residents of Alberta
Northcott Lodge Nurses Employees Association
School Support Staff, Parkland County #31
Staff Nurses Association Alberta Cancer Board
Staff Nurses Association Alberta East Central Health Unit
Staff Nurses Association Athabasca Health Unit
Staff Nurses Association Sturgeon Health Unit
A.F.L. Alberta Staff Union

Deletions from the Survey

The following organizations were surveyed in 1986 but not in 1987 as they were no longer functional.

Canadian Association of Industrial, Mechanical, and Allied Workers
Caproco Employees Union
Rocket Employees Association
Marshall Wells Benevalent Association
Tradesmen Placement Service Employee Association

Mergers

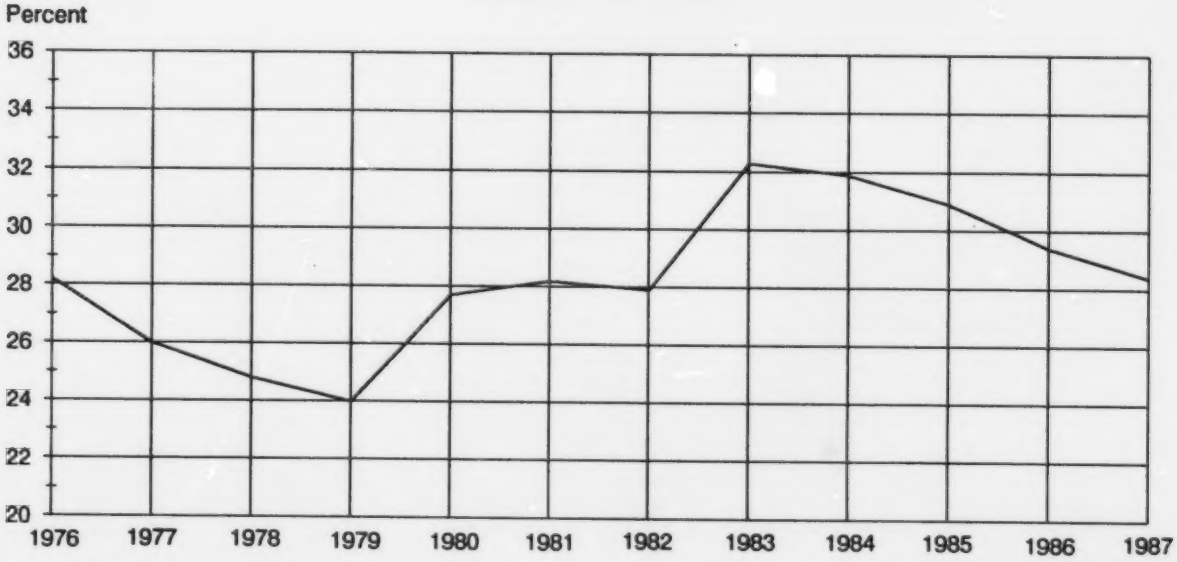
Canadian Union of United Brewery, Flour, Cereal, Soft Drink and Distillery Workers has merged with the United Food and Commercial Workers International Union.

McMurray Independent Oil Workers merged with the Energy and Chemical Workers Union.

Canadian Airline Flight Attendant's Association merged with Canadian Union of Public Employees.

International Union Automobile, Aerospace and Agricultural Implement Workers of America and Canadian Association of Passenger Agents merged to form new union: National Automobile, Aerospace and Agricultural Implement Workers Union of Canada.

TABLE 1
UNION MEMBERSHIP AS A PROPORTION OF
NON-AGRICULTURAL PAID WORKERS
ALBERTA, 1976 - 1987



Year	Union Membership	Non-agricultural Paid Workers	Membership as Proportion of Non-Agricultural Paid Workers %
1976	180,172	640,000	28.2
1977	179,373	689,000	26.0
1978	186,567	751,000	24.8
1979	195,774	815,000	24.0
1980	243,120	879,000	27.7
1981	269,000 e	955,000	28.2
1982	276,016	988,000	27.9
1983	307,162 *	951,000	32.3
1984	298,070	933,000	31.9
1985	288,339	934,000	30.9
1986	286,986	977,000	29.4
1987	273,894	963,000	28.4

e estimate

* The increase shown from 1982 to 1983 is entirely due to improved survey coverage.
